

# Magellan® 1400i

Omni-Directional Imaging Scanner

## At A Glance

The included tilting stand allows each user to position the scan volume for optimal ergonomics.

FEATURES	BENEFITS
1100 digital scan lines per second	Increases checkout productivity and improves customer service by reducing the scan time especially on traditionally hard-to-read or damaged bar code labels: <ul style="list-style-type: none"> <li>• Aggressive imaging performance</li> <li>• Intuitive operation</li> <li>• Reduces checker training</li> <li>• Speeds checkout for better customer service</li> </ul>
Autodiscriminates PDF and ID barcodes	The checker has the freedom to scan both normal items and ID cards totally hands-free using the same peripheral device. <ul style="list-style-type: none"> <li>• Separate "ID only" scanners are not needed</li> <li>• Simplifies and saves space at the point-of-sale</li> <li>• Handheld scanning is still available when needed</li> </ul>
Omni-directional operation on all 1D barcodes	Allows the checker to use either a sweep or presentation style of scanning depending on the environment and the types of items: <ul style="list-style-type: none"> <li>• Reduces checker training times</li> <li>• Speeds checkout for better customer service</li> </ul>
Hands-free scanning or handheld scanning	Typical hands free scanning in either presentation or sweep styles or the checker can easily pick up the scanner to scan bulky or larger items: <ul style="list-style-type: none"> <li>• Ergonomic design that matches the right scanning technique to the item to be scanned</li> <li>• Lots of overmolded rubber grip pads make handheld scanning easier</li> <li>• Reduces checker training</li> <li>• Speeds checkout for better customer service</li> </ul>
Small size	Takes up very little valuable counter space: <ul style="list-style-type: none"> <li>• Frees up additional revenue producing counter space</li> <li>• Allows hands of all sizes to comfortably hold the scanner when needed</li> </ul>
